Good to know

Note! ENHET doors and fronts are sold separately. You can either plan your own combination or choose one of the pre-designed ENHET bathrooms. To see all the ENHET bathrooms with combinations go to page 8.

Safety

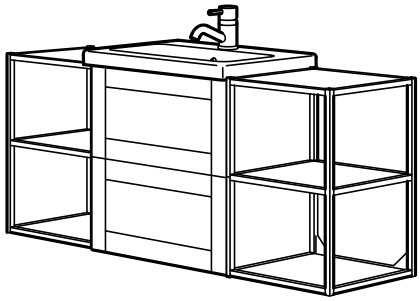

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

Different wall materials require different types of hardware. Use hardware (sold separately) suitable for the walls in your home.

The ENHET bathroom series includes a free 10-year limited warranty. For details see IKEA-USA.com/warranty

Plan less, live more
The ENHET system is easy to buy and equally easy to install. You can choose between ready-made combinations online and select your favorite with a few clicks. All parts are easy to assemble without the need for special tools.

The playful design of ENHET comes with different colors that inspire you to adapt ENHET to reflect your personality. With a combination of closed cabinets and open shelves, in stable metal frames, you can display your favorite things and hide the rest. The ENHET bathroom vanities also come in different widths and depths, making them easy to adapt to smaller spaces.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

How to plan

What do you want to store?
Start by thinking of what storage needs you have in your bathroom. Think of the activities that happen in this space, such as showering, grooming, relaxing and perhaps doing your laundry. How many people use the bathroom and when is the rush hour usually. Based on these activities, you can plan how much storage you will need, as well as decide if a drawer or a door solution will be best suited for your needs. Also, think of the wall space you have in your bathroom, as this will be the perfect place for shelving units that take very little space but create lots of storage capacity for all the cleaning and care products that find a home in the bathroom.

How much space do you have?
Decide on where you will place your vanity unit and start building your new bathroom around this space. See if you have enough wall space for an additional storage unit like a high cabinet or a shelving unit. Sketch out the space, measuring the width and the height from the floor, if you have a narrow bathroom then the depth of you furniture will make a difference. For narrow bathrooms you can consider shallow ENHET cabinets. Take detailed measurements, note the shower area and all the space you might need for the piping that could affect your solution.

Want a ready-made combination?
We have made it much easier to buy ENHET bathrooms either on IKEA-USA.com or the store. We have created ready-made combinations that you can choose once you have considered what type of storage you need. These combinations are varied and have been designed to cover a wide storage functionality as well as style needs. Just browse the combinations in this buying guide on page 8. You can buy them in the store or on www.IKEA-USA.com

Do you want to create your own solution? Use the additional information provided in this buying guide to follow these simple steps:

1. **Pick a base cabinet**
   The ENHET system comes in open and closed frame solutions. The open base frames can work both under the sink as a vanity and as an additional shelving unit next to the vanity. You can also choose between different wall shelves to build additional storage space around your vanity, maximizing the storage possibilities.

   The closed wooden-base material cabinets come with two functions: either with a shelf, or two drawers. So depending on your preferences, you can choose the functionality that works best in your bathroom. The uniqueness of these cabinets is that they work perfectly to be combined with the open frames of ENHET bathroom system, so you can mix and match creating a unique solution that will be truly yours.

2. **Choose the accessories**
   There are a wide range of accessories designed to be combined with ENHET open frames to add more functionality and versatility to your ENHET solution. Hooks and hook railing can create space for many towels to hang and dry at the same time. Or a SKATTÅN container could become a perfect home for all your makeup brushes. With TAVELÅN trays you can store all your small items like hair pins and jewelry. The swivel shelf can become your favorite place to keep your nail polish bottles and the shaving kit for quick and easy access. For all the functions of ENHET accessories check page 18.

3. **Choose the expression**
   Finally, choose the color/expression of your fronts. There are many possibilities for you to choose and pick what best fits your style and bathroom.

Complete your combination with lighting

How to build

SILVERGLANS LED cabinet lighting is easy to install by yourself.

- When you start building your system, you must first consider the widths of your cabinets, for example for a cabinet with a width of 23⅝", you'll need the SILVERGLANS lighting strip 23⅝" too.
- Choose the number of SILVERGLANS lighting strips that you need.
- Add the SILVERGLANS LED driver.
  You can connect up to 5 units to the driver, as long as the total wattage does not exceed 30W.
- SILVERGLANS driver needs to be connected to your wired-in electrical installation. In some countries electrical installation work may only be carried out by an authorized electrical contractor.
- Add the RODRET wireless dimmer/power switch or STYRBAR remote to dim your lighting. Pair the dimmer to the SILVERGLANS driver and the entire combination will dim at the same time.
- Add the DIRIGERA hub to control SILVERGLANS connected lighting from the IKEA Home smart app in different ways, together with other TRÅDFRI lighting in your home.

ENHET accessories

ENHET Hanging shelf insert This insert adds a new dimension to your ENHET frame. It divides the storage space and makes room for more things in no time — simply hang it in the grooves of the frame and get organized. You don't need any tools and don't have to drill holes in the wall. 10×11×6".

Anthracite	405.145.59

ENHET Swivel shelf Tired of looking for those things that tend to disappear in the kitchen? You can easily solve this by attaching this handy swivel shelf to any of the wall frames in the ENHET series. You can find and reach the things you need by turning the shelf. 16×8".

Anthracite	205.145.60

ENHET Hooks You can hang these hooks in the grooves under the ENHET frames — or on ENHET rail for hooks that is sold separately. With these hooks, you turn unused space into practical storage space. Hang SKATTÅN containers, sold separately, on the hooks to make room for even more.

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: IKEA-USA.com/services

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

TASKRABBIT ASSEMBLY

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit TaskRabbit.com/IKEA or see a co-worker for more details.

Services and prices may vary, please see IKEA-USA.com/services or talk to us in your local IKEA store.

IKEA Projekt Credit Card

Your dream home is now within reach and more affordable than ever. With the IKEA Projekt Credit Card*, you don't have to put off loving every room in your home.

*Credit card offers are subject to approval. IKEA Projekt Credit Card Accounts are issued by Comenity Capital Bank.
